The above B&B at 10c extra. Rot-pruf at 15c

Our evergreens are tightly sheared, transplanted and well made up. We also do landscaping and know what the quality must be.

We can furnish rot-Pruf burlap on evergreens at 5c per plant extra if you so desire. We find that this will hold from 6 to 9 months under moist conditions.

Many items in this price list will no doubt be sold early, so place your order as early as possible.

If it is possible, we had much rather have you look over our stock before buying, then you will know what to expect.

We have local truckers who can haul direct to your nursery at very reasonable rates in truck lots.

If for any reason at present you are not interested in our list, will you be so kind as to advise us and we will remove your name. Thank You!
